LeetCode: [anurag—nits](#)

Education

- **National Institute of Technology (NIT), Silchar** Silchar, India
B.Tech in Computer Science and Engineering; CGPA: 8.25 2024 – Present
- **Kendriya Vidyalaya Tinsukia** Assam, India
Class XII (CBSE) – Percentage: 95.2% Class X (CBSE) – Percentage: 94.8%

Experience

- **Underrated Academia** Live Mar 2026 – Present
Web Developer Intern Remote
 - Optimized complex SQL queries and database schemas, improving query performance by 30% and reducing server response time.
 - Implemented Docker-based containerization and GitLab CI/CD pipelines, enabling seamless deployments and reducing release time.
- **ICRAME-2026**  GitHub Live April 2026 – Present
Web Developer On-site
 - Developed and maintained the official international conference website, providing centralized access to event details, schedules, and announcements.
 - Designed responsive and user-friendly interfaces using HTML5, CSS3, and JavaScript.
 - Supported 2,500+ website visitors, ensuring reliable performance and smooth user experience throughout the event lifecycle.

Projects

- **MockMate: AI Interview Platform (IIT Bombay Techfest : Top 10)**  GitHub Live Nov 2025
Next.js 14, TypeScript, Convex DB, Clerk, n8n, ArcJet
 - Engineered an AI-driven interview simulator using Next.js 14 and TypeScript, integrating LLM-based workflows for automated question generation and evaluation.
 - Automated backend orchestration with n8n and Convex, reducing speech-to-text latency by 15% and improving system responsiveness.
 - Utilized Large Language Models (ChatGPT, Gemini) to analyze uploaded resumes and automatically generate personalized interview questions based on candidates' skills, experience, and projects.
- **Portfolio OS - Desktop Emulator Based**  GitHub Live June 2026
Framer Motion, Zustand, Lucide React, react-pdf, Web APIs
 - Developed a Windows-like OS emulator in React 19 and TypeScript to showcase projects in an immersive web interface.
 - Built a custom layout engine using Tailwind v4 and CSS variables for dynamic light/dark mode and global accent themes and orchestrated multi-window lifecycle states (focus, minimize, maximize) using Zustand to ensure optimal render performance.

Technical Skills

- **Languages:** C++, C, JavaScript, TypeScript, Python, SQL
- **Web Technologies:** React.js, Next.js, Node.js, Express.js, HTML5, CSS3, Tailwind CSS, GraphQL
- **Tools:** MongoDB, PostgreSQL, Git, Docker, AWS, Vercel, Postman, Framer Motion, Zustand
- **Core Competencies:** Data Structures and Algorithms, OOPS, Computer Networks, Operating System.

Achievements & Honors

- **The Google Big Code 2026:** Round 2 Qualifier (Top 1,500) among 1,25,000+ participants
- **IIT Bombay Techfest Finalist:** Under Top 10 in a hackathon organized by HCL and GUVI.
- **Reliance Foundation Undergraduate Scholarship:** Awarded to the top 5,000 students nationwide.
- **Global Rank 234:** Codechef Starter 242 Contest
- **CP Profiles:** Codeforces : Max-1140 Codechef : Max-1513 Leetcode : Max-1557 — 650+ Problems solved
